

Course Conclusion and Maintenance Plan

PH11-5, PH11-7

ORIENTATION

Purpose: convert Year 11 learning into a maintenance plan so capability does not decay before Year 12.

MAINTENANCE CADENCE

Each week should include:

1. one Module 1 graph/vector retrieval,
 2. one Module 2 force/momentum/energy retrieval,
 3. one Module 3 wave/thermal model choice,
 4. one Module 4 circuit/field direction check,
 5. one short written explanation.
-

STUDENT REFLECTION

Students should identify:

- one topic that is fluent,
- one topic that is correct but slow,
- one topic that needs repair,
- one writing habit to improve,
- one practical or data-analysis skill to maintain.
